

ISMS Policy Statement

- The purpose of the policy is to protect all Medvivo information assets from all threats, whether internal or external, deliberate or accidental.
- The Medvivo Quality Committee has approved the Information Security Business Management System Manual and associated policies.
- It is the policy of Medvivo to ensure that:
 - Information will be protected against unauthorised access
 - Confidentiality of information will be assured
 - Integrity of information will be maintained
 - Regulatory and legislative requirements will be met
 - Information Security Training will be provided
 - All breaches of Information Security, actual or suspected, will be reported and investigated
- Business requirements for the availability of information and information systems will be met.
- The Chief Information Officer has direct responsibility for maintaining the policy and providing advice and guidance on its implementation.
- All managers are directly responsible for implementing the policy within their business areas, and for adherence by their staff.
- It is the responsibility of each employee to adhere to the Information Security Management System policy.

Signed	
Position	MD and Accountable Officer
Date	22/05/2018

The Chief Information Officer will review this policy, usually one year from the date signed.
